Important Notes:

1. All clergy men and church teachers on transfer are to disengage from their current stations by 6pm on Sunday, 16th October, 2022. They are to fully report and assume duties in earnest on Monday, 17th October 2022.
2. It is required of every minister leaving a station on transfer to another to prepare a comprehensive Hand Over Note which they are to submit in person to the incoming minister. Copies of the Hand Over Note should be submitted to Church's People's/Pastor's Wardens, church secretary and also to the offices of the Diocesan Bishop and the Archdeacon or Rector of the Bloc. Treasurers and clerks of churches **MUST NOT PAY** any clergymen and church teachers on transfer to their churches, until they have verified from the Bishop's office that such ministers have properly written and submitted their hand over notes to the officers listed above.
3. Churches are to pay clergy and church teachers on transfer their annual vestment allowances, where such have not already been collected. They are not to demand same from their new stations.
4. All Ministers on transfer are to ensure that they clear all their church's debts and financial obligations to the Diocese and their respective Administrative Blocs.
5. It is expected of every transferred minister and others to receive this location with gratitude and thanksgiving to God for the privilege of service in His vineyard. The Lord who has called each one to the ministry of His church will surely identify with His servants wherever they are posted to serve. Each minister or team of ministers with their wives should work so hard and collaboratively at their duty posts in order to bring about the spiritual, numerical, financial and physical growth of their churches.
May the Spirit of the Good Shepard be with all His servants.

The Rt. Rev. Innocent U. Ordu, JP.
Bishop, Diocese of Evo 07/10/2022
